

G380 Brass Track

A hardened brass track for bottom rolling sliding doors.

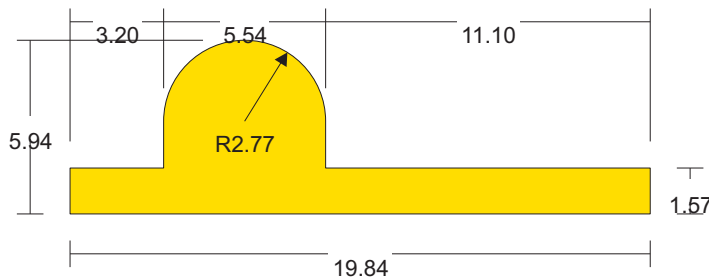

Manufactured from "Section Brass" in 380 grade alloy.

For sliding applications such as:

- **Doors**
- **Wardrobes**
- **Cupboards**
- **Cabinets**
- **Windows**

It is stocked in 6.0m lengths in a choice of pre-drilled & countersunk or undrilled.

Pre-drilled & counter sunk to suit a 6G CSK screw.
