

TT713 Patio Door Deadlock

New and improved sliding patio door deadlock with pin cylinder, stylish look and simple installation. Polesium™ cover material in Primrose, White & Black finishes.

- The TT713 utilises the Doric cartridge cylinder system which makes re-keying or changing cylinders quick and easy.
- TT713 utilises a pin cylinder which can be keyed alike to windows and doors - reducing the need for multiple keys.
- Stainless steel latching hook tongue.
- Industry standard 82mm door preparation.
- The large grip handle and a BCA compliant latch lever make for easy operation.
- The TT713 is a symmetrical design. An important feature with four lite doors where locks meet.
- The TT713 is a latch and deadlock all in one standard model.
- Meets AWA ICP002-720 hour corrosion resistant test.
