TRIUMPH TRACK IMPROVEMENT

Triumph Sliding & Folding Door Track System

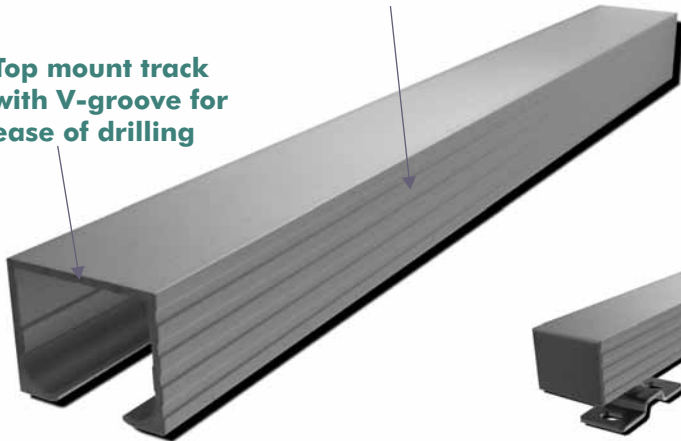

Wall mount track with
V-groove for ease of
drilling

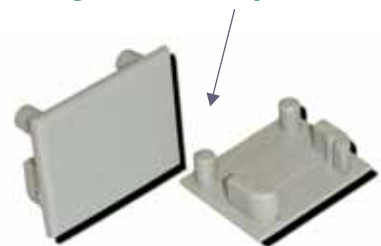

Ribbed face
for added
visual appeal

Top mount track
with V-groove for
ease of drilling

Push-in nylon end cap
gives the complete finish

This slimline aluminium track has undergone a facelift and is now more visually appealing.

Coupled with a modern square look are features such as

- A ribbed face for added appeal
- V grooves for easy drilling
- Top mount & wall mount options
- Mill finish and Clear Anodised
- Push-in plastic end caps.

Benefits of Enclosed Track Systems

- Offer greater door security by preventing doors from being dislodged from the track
- Run smoother due to resistance of excessive dust
- Aesthetically pleasing as they conceal the wheel assemblies
- Run quieter
- Easy to install and adjust
